# Leadership & Professional Development Conclave

L D Arts College is deeply honored and privileged to organize a Leadership and Professional Development Conclave from January 17 to January 22, 2022.

We have invited leaders and highly placed professionals from various fields to share their experience and give expert advice to students who are in the process of planning their careers in these fields. We believe that a conclave of this nature will be extremely beneficial to aspiring students, since it will grant them an opportunity to listen to and interact with people who are already leaders and role models in society.

We have also invited esteemed academicians, vice-chancellors, directors, technocrats, artistes and social welfare activists who inspire and guide young aspirants to build their careers along similar lines and to emerge as leaders and successful individuals.

Our mission is to inspire and motivate the youth.
